

**THURSDAY, MAY 31 from 6-9 PM**  
**@ Pocket Park**  
**(Across the Street from Soaring Arts)**

About: The Artists at the Studio have been working hard on 4 Collaborative Street Mural Installations. This night, we will be having the official reveal, exhibit, and party! The Studio will be open, and many of our Artists will be on site to celebrate these pieces and to dance the night away!

Come to Washington Street, where you can check out The Soaring Arts Studio (and all the artwork inside), admire the Community Yarnbombing Project, and have a drink at Flatrock! Then join us at 6PM in Pocket Park (right across from the Studio) as we reveal the Street Exhibits. Following the reveal, Nune from Loco Sounds will be spinning some tunes for us from 6-9PM! It's gonna be a street party that you don't want to miss!!!
